About This Game

ENGLISH

*A graveyard on the hills - damp, cold and desolate
Its namefather lost but not it's nameplate*

*A new resident arrives on shoulders ever so leisurely
As father throws ashes to ashes looking kinda weary*

*Last arrival drew the final straw
They wanted to rise but didn't know how*

*An underground meeting took place nobody could have known
Voices turned to screams as the dead were overflown*

*Dusk got shattered with with raging moans and groans
As the cursed graveyard got covered with restless souls*

*They will face a single obstacle to bring on the doom
A graveyard keeper sworn to stop them and a magical shroom*

Info

Graveyard Shift is a FPS with unique game mechanics and a mise-en-scène that mixes both toonish and horror elements together! Yes, we did it.

You are fighting against restless ghosts and liches. They revolt, because too many graves are dug in the graveyard, whose keeper is you. Your purpose is to re-kill the undead! Your only friends are mushrooms, those you use to make mushroom bombs.

Gameplay

Your ammo is elemental mushrooms, there are 5 different elements of mushrooms those you collect from the ground. You create bombs with those elemental mushrooms (2 Fire, 1 Water, for example) using number keys 1 to 5. Your enemies also have elements; enemy's element and the elements of your mushroom-bomb determine the damage you deal. For example, you deal more damage to a Fire ghost if you prepare a bomb with Water mushrooms.

There are 2 types of enemies: Normal ghosts and liches. Normal ghosts are melee attackers, they use claws. Whereas, liches throw you stones and they are much stronger than normal ghosts.

We have 2 game modes: Waved and Survival. You fight against 10 waves of enemies in the first. Survival lasts as long as you are alive.

There are 4 power-ups: Slow Time, Shield, Mushroom Magnet and Infinite Mushrooms.

Virtual Reality

We will bring Oculus Rift support in the future!

TÜRKÇE

*Tepede bir mezarlık, ıslak, soğuk ve ıssız.
İsim babası meçhul ama sanma ki tabelasız*

*Yeni sakini omuzlarda geldi aheste aheste.
Yine savurdu peder, elde kitap, külleri küllere...*

*Toprak altında bir toplantı, bilmediği kimsenin,
Çıglıkları yükseliyor üst üste gömülmüş ölülerin*

*Son damlayı taşırdı bu yeni gelen naaş,
Yeryüzüne çıkmak lazım artık yavaş yavaş.*

*Uğultular, iniltiler sarstı yeri göğü, ortasında alaca karanlığın,
Kudurmuş ruhlar kapladı her yerini uğursuz mezarlığın.*

*Dünyaya yayılmak için önlerinde tek bir engel var,
Onları durdurmaya ant içmiş bir bekçi ve sihirli mantarlar*

Info

Mezarıcı (Graveyard Shift) benzersiz oyun mekaniklerine sahip bir FPS oyunudur. Korkuyla sevimliliği karıştıran bir mizansene sahiptir. Evet, yaptık, oldu! Galavalomka Games ortaklığıyla yapıldı.

Mezar bekçisi Hasan olarak, huzur bulamamış hayalet ve lichlere karşı savaşıyorsunuz. Onlar isyan ediyor, çünkü sizin bekçiliğinizi yaptığınız mezarlığa çok fazla ölü gömülmüştür ve mezarlık artık taşmaktadır. Amacınız yaşayan ölüleri yeniden öldürerek isyanı bastırmak! Tek arkadaşınız, bomba yapıp düşmanların üstüne fırlatabileceğiniz mantarlar.

Oyun %100 Türkçe dil desteğine sahiptir.

Oynanış

Cephaneniz bu oyunda elementsel mantarlar, yerden topladığınız 5 tür elementte mantarlar var. Bu elementsel mantarlarla

bombalar yaratıyorsunuz (2 Ateş, 1 Su, mesela), 1'den 5'e kadar tuşlarla. Düşmanlarınız da elementlere sahip; düşmanlarınızın ve kullandığınız mantarların elementleri, düşmana verdiğiniz zararı belirliyor. Mesela, Ateş hayaletine Su mantarlı bomba atarsanız normalden daha fazla zarar verirsiniz. Yani düşman veya mantar elementine göre zayıflıklar ve dirençler söz konusu.

2 tip düşman var: Normal hayaletler ve lichler. Normal hayaletler size pençeleriyle yakın mesafeden zarar verir. Lichler ise size taş fırlatırlar, onlar normal hayaletlerden daha güçlüdürler.

2 tür oyun modumuz var: Dalgalı ve Hayatta Kalma. İlkinde gittikçe zorlanan 10 tane düşman dalgasını bastırmaya çalışıyorsunuz. Hayatta Kalma modu siz hayatta kaldığınız sürece devam eder.

Size bu zor görevde yardımcı olacak 4 tane güçlendirici (power-up) sunuyoruz: Sınırsız Mantar, Kalkan, Zaman Yavaşlatma ve Mantar Miknatısı.

Sanal Gerçeklik
Oculus Rift desteği de gelecek!

Title: Graveyard Shift
Genre: Action, Indie
Developer:
Galavalomka Games, Aslan Game Studio
Publisher:
Galavalomka Games, Aslan Game Studio
Release Date: 20 Oct, 2016

a09c17d780

Minimum:

OS: Windows 7

Processor: Dual Core CPU @ 2.2 GHz

Memory: 2 GB RAM

Graphics: Nvidia GeForce 8800 GT / ATI Radeon HD 4770

DirectX: Version 9.0

Storage: 750 MB available space

Additional Notes: Mouse with at least two buttons

English, Turkish

The game state and say that it has a full controller support but in reality its not it should say partial controller support because you can't navigate the ui by using your controller instead you need to use your mouse to access the UI. The game pad will only kick in when you are in the game.. I have played all of the Nascar games and this one is the best yet. Can it still be improved? Of course but show me software that doesn't though. Great guys and keep up the good work. Much better than last years version.. An EXCELLENT addition to an already unique, super entertaining game. This one's a steal for \$10 and is definitely one of those DLC that will become the "new vanilla" once you've played it. I really can't recommend this one enough!. simple old school jump on wacky bad guy's heads i love it. It's a really great route if you want some amtrak cars a EMD F40PH with some BN rolling stock and a great AI car pack too!. I liked it. Basic TD with Controller Support. Worth a play through.. Pay-to-win. The game doesn't provide any chance or daily quest to earn more shards and dust after the tutorial period. Cannot get better card by coins and they don't even give any bonus when you buy 10 cards together.

I played in Kongregate first then in Steam, there is no different. If you already installed the game, you can right click the game and select "Delete Local Content..."

A really fun deckbuilder with a nice video game interface. I actually prefer playing this version than the boardgame as it's easier to see what's going on with action arrows, pigs etc. I've generally played this game in 4 player free-for-all, but it's got some really great even-playfield, no grind-to-win, no pay-to-win PROPER competitive 1v1 modes too.. This game is hilarious when played with a friend!. So like I needed to say something about this skin and all skins the team are giving us... they're amazing. I mean the details on them, the effects, their backstory! everything! For example this skin is extremely awesome, when you jump you get wings and the bigger blades that get stuck on the walls or floor are shaped like a dragon skull, the voice acting is 10/10 and their lines are really witty. I love it. I love every single skin they've worked on lately.. i dont even know why i'm trying so hard to win the game.. If your gonna style on the enemy with a 360 bikinibody clash turtle flick then this is the best way to look rad while doing so.

If you have some spare cash and are dedicated to clash I'd totally recommend this set.
